

TRIBALFLARE feat. **DAISY DANCE**

BEAUTIFUL

OUT JULY 24, 2026 Independent release · all platforms

THE SINGLE

BEAUTIFUL is a dark club pop anthem led by Daisy Dance's airy, magnetic vocal. Built on punchy pop drums, deep electronic toms and a low, steady club groove, the track moves from a confident, glowing verse into a chant-like “Beautiful” hook engineered for radio, playlists and short-form video alike. The arrangement closes on an unexpected, stripped classical piano coda — a quiet, cinematic exit that sets the record apart from standard club fare. A genuine cross-border collaboration: Sicilian production meets UK dance vocal pedigree.
